PRINTFAIR

DEMONSTRATION OF IMPLEMENTED CORE FEATURES

Group Members: Gio Duldoco, Godofredo Natividad III, Yassin Unte

Instructor: Francis King Uyguangco

1. Feature 1 - Document and Printing Request Management

This feature allows students to upload PDF documents, review the document preview and page count, prepare a printing request, submit the request, and view its status.

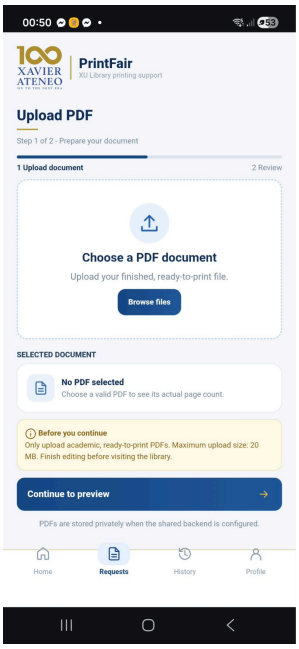

Figure 1. PDF Upload

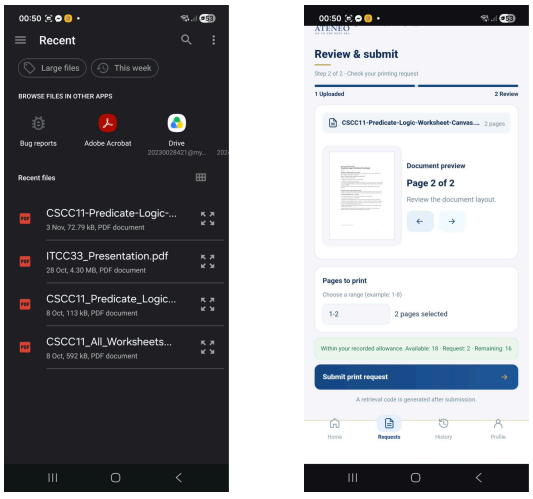

Figure 2. PDF Preview and Page Count

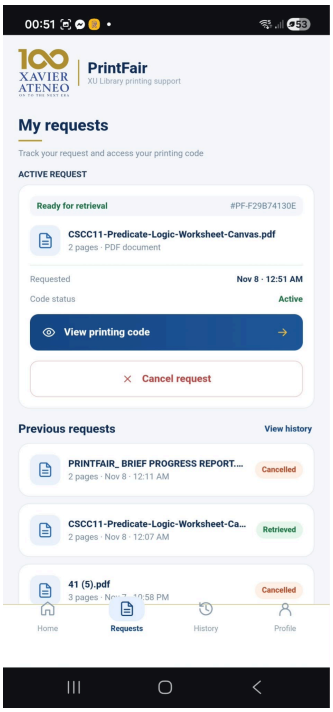

Figure 3. Submitted Request and Retrieval Code

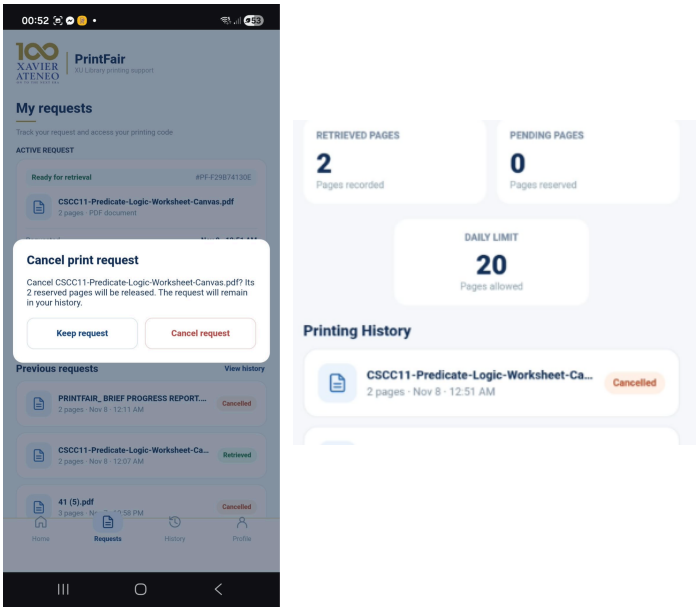

Figure 4. Request Cancellation

Testing results - Feature 1

Test performed	Expected result	Recorded result	Status
Upload a PDF	PDF uploads without errors	Upload completed without reported errors	Pass

Preview and page count	Preview loads and page count is correct	Preview and page count were reported correct	Pass
Submit a print request	Request is created and a retrieval code is shown	Active request and code were displayed	Pass
Cancel a request	Request is marked as cancelled	Cancelled request appeared in the request section	Pass

2. Feature 2 - Print Access and Station Management

This feature provides information about printing stations and allows administrators to update station availability. The connected kiosk webpage accepts a student's retrieval code and provides access to the prepared PDF document.

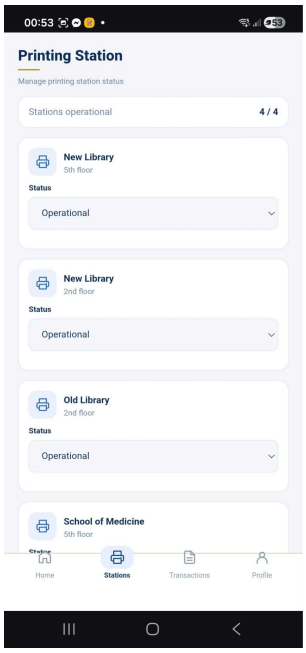

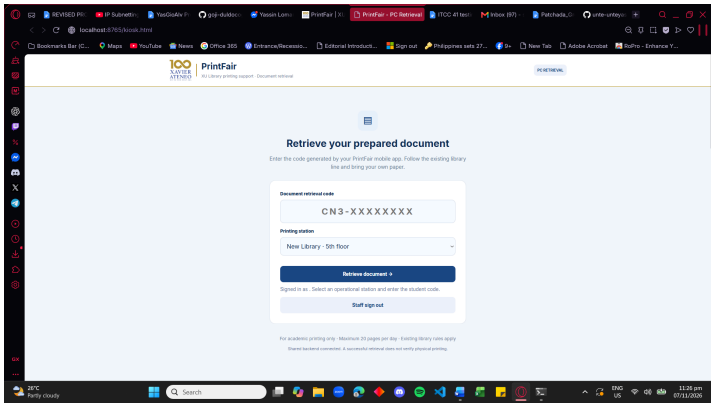

Figure 5. Admin Station Management

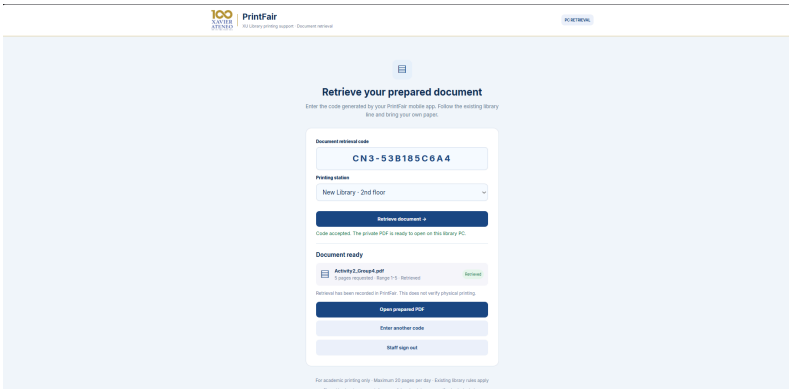

Figure 6. Kiosk Retrieval Page

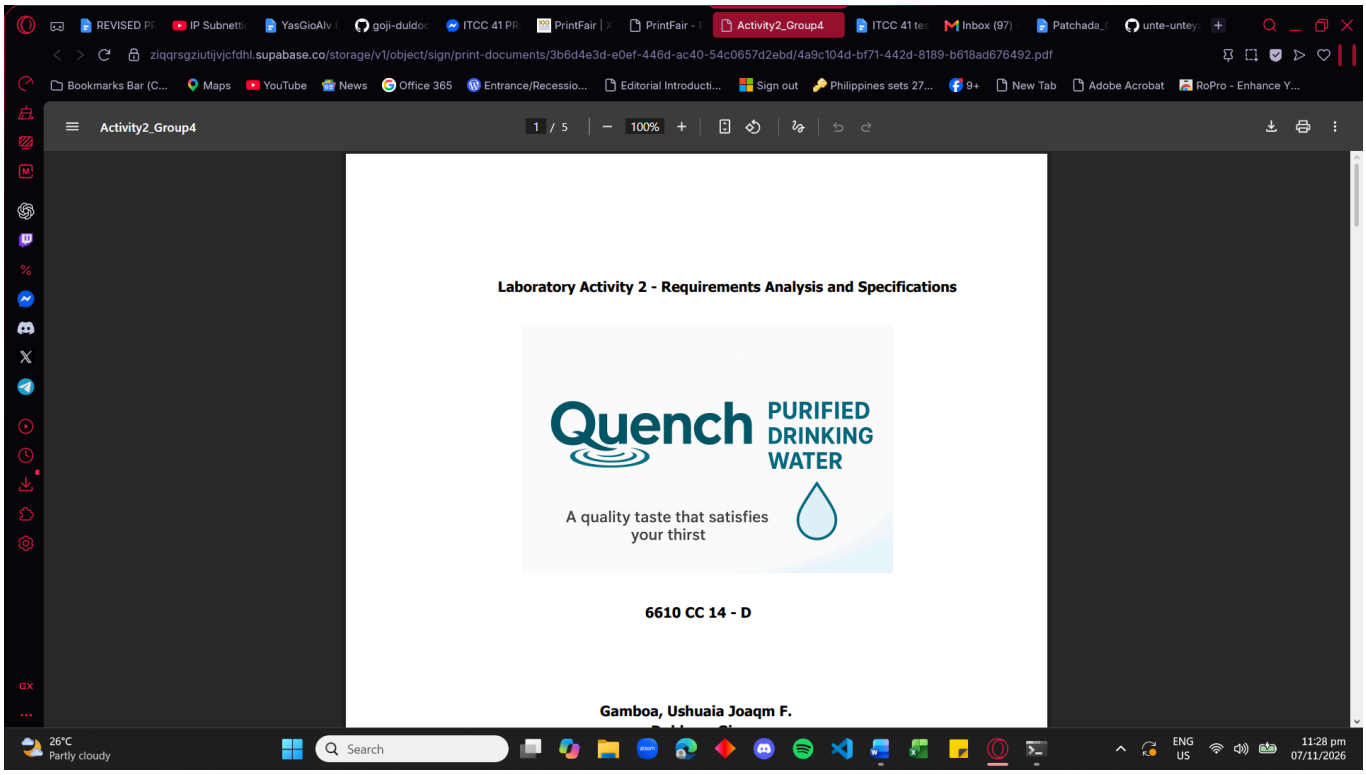

Figure 7. Successful Document Retrieval

Testing results - Feature 2

Test performed	Expected result	Recorded result	Status

Manage station availability	Admin can set a station as operational or unavailable	Station availability controls were reported working	Pass
Enter retrieval code	Kiosk validates the submitted code	The submitted code proceeded successfully	Pass
Open retrieved PDF	The correct PDF opens for viewing	The PDF opened in another browser tab without reported errors	Pass

3. Feature 3 - Printing Allowance and Transaction Management

This feature tracks the student's daily page allowance and records printing-request activity. Administrators can review transaction records and request details, while students can view their printing history.

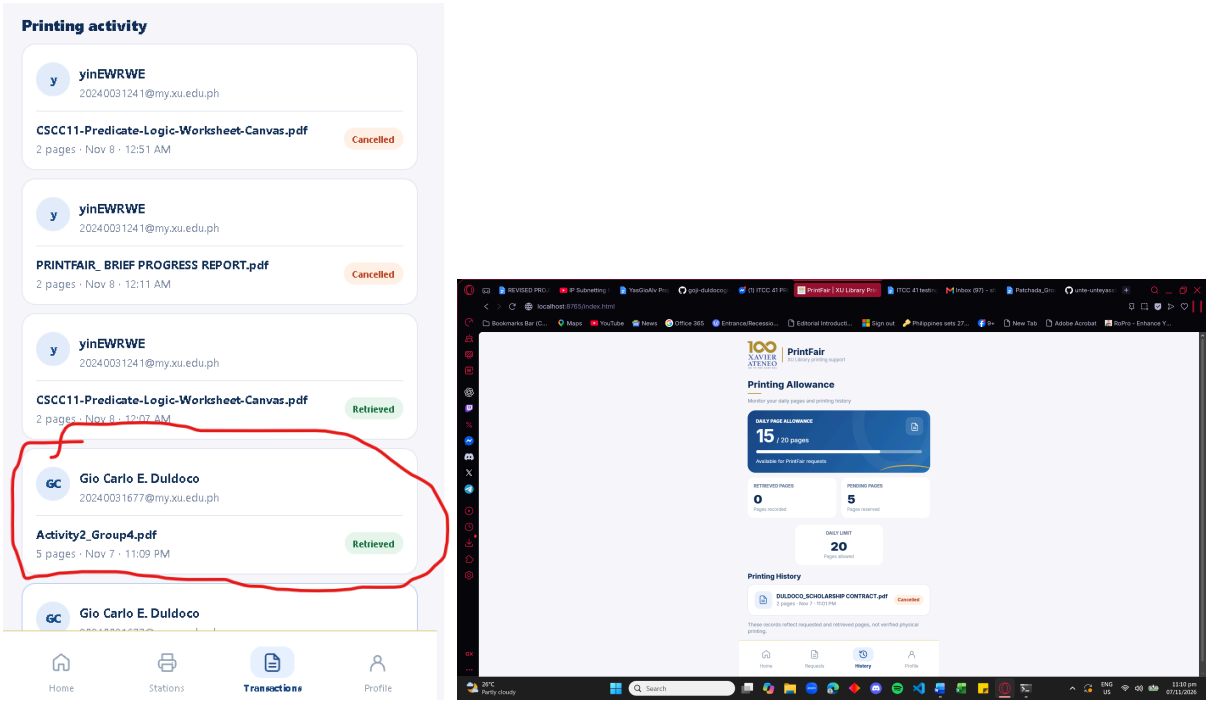

Figure 8. Student Printing Allowance

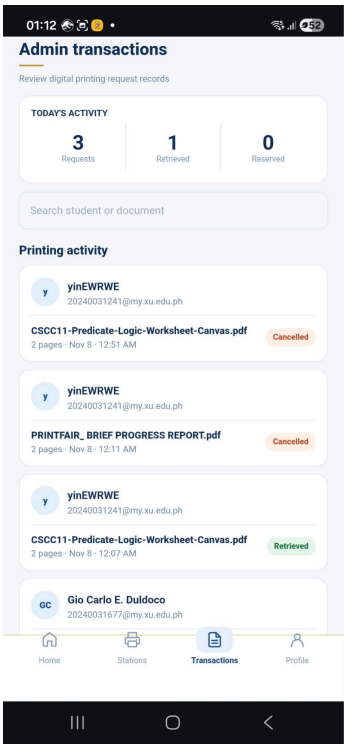

Figure 9. Admin Transaction Records

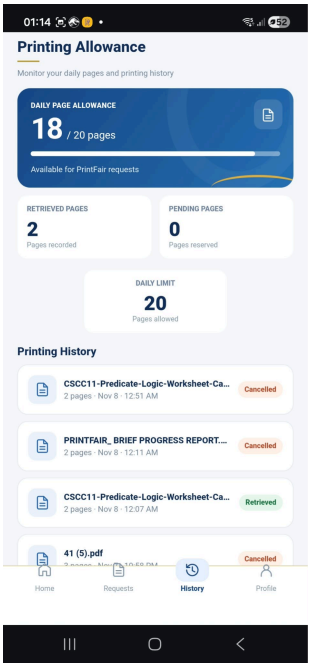

Figure 10. Student Printing History

Testing results - Feature 3

Test performed	Expected result	Recorded result	Status
Allowance deduction	A two-page request reduces the remaining allowance from 20 to 18 pages.	The recorded allowance changed to 18 pages.	Pass
Admin transaction review	Admin can view transaction records and request details.	Transaction records and request details were visible.	Pass
Retrieved printing history	Student history reflects the retrieved document.	The document appeared with status Retrieved.	Pass

NOTE: TESTING WAS IMPLEMENTED ON A HOSTED WEB APP AND MOBILE APK ON AN ANDROID PHONE
